

# Writing Prompts

FOR WOMEN'S MINISTRY JOURNALING

A *women's ministry journal* is a place to write down all those things associated with women's ministry. Begin to journal all about your experiences. Write down things that have worked and things that did not work. Write about meetings, experiences, and how being involved in women's ministry has made you feel.

Record feedback on various events. Write specific quotes of what people have said. Record Bible verses that encourage you. Include quotes that encourage you. To make a Women's Ministry Journal any type of journal or notebook will work to hold your writing. It could be lined or blank paper. It's all up to your own preference.

1. The team accomplished...
2. I accomplished...
3. God blessed us...
